

Call for Support: Let Us Give a Hope to the Promising Students

Dear All,

It is a pleasure to inform you that Hridoya Bangladesh is stepping into fourth year and we are about to start our flagship project of assisting college students to continue their education. Our goal is to financially help the students who showed promising performance against many odds in the SSC exam. We need your financial contribution to continue our initiative for these unprivileged students.

Here is the detail project link: <http://www.hridoyabangladesh.org/helpedul1.html>.

The outcomes of our previous initiatives are very encouraging. Overall, we have found that with our little support, these students can successfully finish their college education and get admitted in the renowned universities. Some of our supported students are currently studying at Dhaka University, Rajshahi BIT, Jahangirnagar University, Khulna University, Chittagong University, and Agricultural University. Provided that, these students came from the unprivileged families, this is a satisfactory achievement. This was possible through the generous support from a lot of people around the world.

This year, we are planning to provide financial support to **15** students. We need approximately **US \$7,425** to support them for the next two years. Here the rough break-down of this estimated cost.

Approximated Expenses Areas	Approx. Amount (Taka)
College Admission and Initial Expenses (i.e., buying books etc.)	5,000
Monthly Expenses (Approx. Tk. 1000 per month for 24 months)	24,000
Admission to HSC Second Year	2,500
HSC Exam Registration (Form Fill up) prior to HSC	2,000
Others (i.e., Postal costs)	2,000
Total (One student for 2 Years up to the HSC Examination)	35,500 Taka (US \$495)
